

FULLY-BRANDED PRODUCTS FOR SMALL QUANTITIES (250PCS)

Hubitools not only offers you a quality service, huge stocking capacity and best quality products with best value for money, but also offers you to private-brand our products into **your own packaging layout**. Our marketing department will develop artworks according to your graphic standards and work along with you so you can receive your products labelled with your own logo and company visual identity. We can even **mark your logo on the product itself** or produce a special batch of products **in you own color** in order to get a fully-branded product.

In this special edition, we offer you this private-branding service for your orders in quantities that are ridiculously small comparing to standard MOQ's. **For an order of only 250 pieces** of any of the products presented in this folder, you can get a tool branded with your logo, designed in the color of your choice, along with a packaging stamped with your own visual identity. Ain't that an opportunity not to miss out?
